BILL DALY'S UMBRELLA WINS

BACKED AT LIBERAL ODDS, SHE BEATS BANKER AND D'ARKLE.

Hartford Sage Also Runs Second With Grace Cameron, Another Long Shot The Wrestler, Ragman, Panique, Sir Wooster and Kempton Other Winners.

WASHINGTON, April 13.-Four favorites were beaten at Bennings to-day, but at that all of the winners were well supported. weather and track condition were all that desired and the attendance was large. Many horses left for New York today, while there will be a general exodus alter the wind up to-morrow, when the Cavanagh special train pulls out of here for the metropolis. Father Bill Daly seems to have struck it rich at this meeting, considering his ill success of last year. Killie crankie won a purse for him the other day while Umbrella, after countless defeats, was victorious in the last race to-day at a mile and a furlong. There were only three starters in this event, with Banker the choic at 9 to 10 and D'Arkle well backed at 7 to 5 Umbrella was a hot tip and the odds fell from 12 to 7. When the race started W Burns took Umbrella to the front; enough speed to stay there to the end, where she won in a hard drive from Banker by a head in 2:02. D'Arkle was a poor third. Daly also took second money with Grace Cameron, backed from 30 to 10, in the third event, at a mile. She was easily beaten by Panique, 3 to 5 favorite, who made all the pace and swung home with eight lengths to spare in 1:45. Grace Cameron held the others safe at all stages and beat Peter Knight, 7 to 1, a length and a half for the place. Millstone, backed down to 18 to 5, was a head

out of the way.

The Chelsea Stable put over a real good thing in the The Wrestler, who won the first race, a handicap, at six furlougs. He was backed down to 9 to 2 second choice, made all the running and managed to last long enough the running and fram Workman, reduced the running and managed to last long enough to win by a head from Workman, reduced from 10 to 8. The latter would have won in a few more jumps. As it was, he heat Servile, a to 1, a tength and a half for the place. Martin Doyle, with top weight and played from 10 to 7, was a bit short. Right and Irue, the favorite, was always in the ruck. The time was 1:16 1-5.

Ragman, hammered from 3 down to 11 to 5, was successful in the second race, for two-year-olds, at four and a helf furiongs. He was in front all the way and outgained J. E. Madden's Obdurate, even money favorite, beating the latter a head in 0:57. Helen Hills, 12 to 1, was third.

was third.
The steeplechase, for maidens, four years

The steeplechase, for maidens, four years olds and upward, at about two miles, was a cinch for Robert Neville's Sir Wooster, reducede from evens to 13 to 20. He galloped home when let down with six lengths to spare. Bloodstone, 12 to 1, and Beldemo, 10 to 1, cut up the rest of the purse. Fin MacCool, 13 to 5, fell at the last jump. The time was 4:13 3-5.

There was another close finish in the fifth event, for platers, at a mile, Kempton, 7 to 1, beating Azure Maid, 16 to 5 favorite, by a head. Kempton would have lost in another stride as he was tired from setting the pace. The Shaughraun, well taken three ways at 8, came from nowhere and was half a length back. Orfano, Silver Rail, Queen Lead, Alloy and Trey of Spades were all supposed good things in this event. The race was run in 134:4-5. The summaries:

mmaries: FIRST

andlcap; for three-year-oluded; six furlongs:

Horse and Age. Wt. Jockey.

GOLF.

Scotch Amateur Champion Arrives to Enter Professional Ranks.

Fate seems to send the amateur champions of Scotland to America to become professionals. Geo. O. Simpson, a Carnoustie player, who won the title at his native course last June, came over on the same steamer that brought George Low back and is seeking a job as professional. He has a record of 74 for Carnoustie and is a trim, quiet young Scot. Low is to introduce Simpson, who is a relative, to the club secretaries. Others to hold the title and to take up the game as paid experts have been Laurence Auchterlonie, who won in 1897 and has since been with the Gien View Club, and in 1902 American open champion: Fred Morenzie, who won in 1899, 1901 and 1903, who has since been at a Western club, and Jack Mackie, the winning Scot of 1900 and now professional at the Dunwoodie Country Club, H. H. Barker, amateur champion of Yorkshire, came out last fall, and he and Simpson will be new faces in our early professional tournaments. over on the same steamer that brought George

Court Tennis at Tuxedo.

Jay Gould will defend the gold racquet championship at court tennis on the Tuxedo sourt Sunday afternoon. This is a \$200 racquet of gold that is to be won three times. racquet of gold that is to be won three times, each winner receiving a gold racquet searf pin and having his name inscribed on the trophy. The contest as to class of the entrants equals the amateur championship, as the Marylebone Club gold prize does the English amateur chanpionship, except that the Tuxedo competition is not as old as the title competition. T. Suffern Tailer presented the first gold racquet, which Charles E. Sands won out by victories in 1903, 1904 and 1908. The second gold racquet, the gift of Sands, has been won for two years by Jay Gould and to win again will give to him the permanent possession. The winner of the tournament is to challenge Gould as the trophy holder and the first matches will be on Saturday.

Providence Club Troubles Settled. PROVIDENCE, R. I., April 13.- At the annual eeting of the Providence Club of the Eastern League, which was held here to-day, the row between President A. G. Doe and Manager Hugh Duffy was finally disposed of. Formal release of all claims of Doe against the club were received and full control of the club was turned over to the present management of which Duffy is the head. The officers elected to-day were President, Timothy J. Crowley of Boston; secretary-treasurer and manager, tingh Duffy; directors, Timothy J. Crowley, Hugh Duffy; and Charles J. Lavis. The season opens here on April 23.

GOSSIP OF THE BACETRACK. Trainers Busy at Local Tracks With Carter

Handleap Eligibles. Many horsemen visited Sheepshead Bay and Gravesend yesterday to inspect the horses that will be sent to the post at Aqueduct, which opens to-morrow. James R. Keene's racers were out early at the Bay and much interest was centred in the threeyear-old Restigouche, who will be a starter in the \$10,000 Carter Handicap, seven furlongs. With Notter in the saddle and under a hard pull all the way. Restigouche turned threequarters of a mile in 1:16. He was never let down and his performance was one of the most impressive of the day. The famous Colin took a half mile gallop in 0:52, showing remarkable progress for this time of the year. He will probably start in the Withers and Belmont stakes at Belmont Park. Mr. Keene's two-year-olds Apron and Casque were also out for breezing ex-

ercise at three furlongs.
It is not known whether H. P. Whitney's Baby Wolf will start in the Carter or not, but Jack Joyner had him out yesterday for a seven furlong gallop. Joyner also was busy with August Belmont's Fair Play, who turned three-quarters in 1.25 1-5. J. E. Widener's Sir Lynnewood, who may go in tonorrow's big race, worked six furlongs in 1:17 2-5 and seemed very fit. Others that did good work at the Bay were Jersey Lightning, Ethereal, Monopolis', Wexford, Pris-cilla, Hegsian, Charles G. Gates. Fielder, Maringo, Rialto, Lasata, Lady Winifred. ning.

Maringo, Rialto, Lasata, Lady Whilfred, Cressins, Sparker, Harcourt, Palette and Jane Swift.

The Newcastle Stable's Spooner, who will go in the Carter, worked a mile at Gravesend in 1:50. He had a world of speed but was kept under restraint at all stages. Tom Welsh thinks well of his chances. F. M. Taylor, who trains the Patchogue Stable, showed the famous Charles Edward and Nealon, who galloped and cantered. He slos sent Don Enrique over a three fur long route in 0:38 3-5, the gelding being as fit as a fiddle for the Carter. Trainer Weir had a big string out, including the mighty Roseben, who turned a half in 0:49 3-5 and looked as well as ever. Blandy receied off seven furlongs in better than 1:30, a very good workout. Weir also showed Senator Clay, Wavecrest, Jaines B. Brady, Grapple and several two-year-olds to advantage. The Gravesend track was in excellent condition.

Nearly all the trainers who discussed the Carter yesterday seemed to think that the page would neared done.

end track was in excellent condition.

Nearly all the trainers who discussed the Carter yesterday seemed to think that the race would narrow down to a struggle among seek Atkin, Chapultepec, Restigouche, Cohort, Meelick and Spooner, Cohort, who was a high class two-year-old last season, has received a careful preparation, it is said, and will be a most dangerous factor. Jack Atkin, it is believed, will be the public choice, as he ran some great races last winter at New Orleans and is ready.

In view of the present discussion about racing, a record breaking crowd is looked for at Aqueduct to-morrow. Timothy D. Sullivan said yesterday, while speaking of turf affairs in general: "There will be the greatest crowd at Aqueduct on opening day that ever passed through the gates. The people are anxious to show that they want racing and by turning out in large numbers they will enter a protest against the uncalled for crusade against the turf. There is no public demand for the suppression of betting."

It is said that F. C. Taylor, manager of M. P. Whitney's Brookdale Stud, may send Flip Flap to the races again this year. When Mr. Whitney bought the five-year-old mare H. P. Whitney's Brookdale Stud, may send Flip Flap to the races again this year. When Mr. Whitney bought the five-year-old mare from J. A. Bennet last fall for breeding purposes it was reported that she would never race again. But she appears in the entries for a number of the Eastern handicaps and Trainer. Joyner and Taylor have not yet decided whether to declare her or not.

Archie Zimmer has arrived here with the Sullivan horses and Jockey S. Flynn, who will ride for Big Tim this season.

R. F. Carman will visit Belmont Park today to inspect his stable, consisting of twenty-four horses. They are in the care of a young but competent trainer named Willet Barbee, who recently succeeded James Blute. Carman will see Riffernan and Magazine work, and one of them will go in the Carter. Barbee has the abile her are gof form and expects.

but competent trainer names and one of them will go in the Carter. Barbee has the stable in rare good form and expects to win some of the early events.

The prices laid on March 21 on the Epsom Derby were as follows: Sir Archibald, 6 to 1; Mountain Apple, 7 to 1; Lesbia, 7 to 1; White Eagle, 7 to 1; Perrier (King Edward's colt), 8 to 1; Vannese, 8 to 1; Sea Sick II., (W. K. Vanderbilt's colt), 10 to 1; Edman, 100 to 6; Dark Ronald, 100 to 6; Royal Realm, 20 to 1; Rushcutter, 20 to 1; Ednan, 100 to 6; Dark Ronald, 100 to 6; Royal Realm, 20 to 1; Rushcutter, 20 to 1; Eaton Lad, 100 to 8.

The prices and one of the early events after rounding a sharp turb, naking it impossible to see the direction in which the road led.

Considerable work afili remains to be done to various stretches of the course and three steam road rollers were put to work yesterday. The north and south roads are in fairly good condition, but the connecting links from Mount Kisco to the course and three steam of the course and three to various stretches of the course and three to the course and three to various stretches of the c

Joekeys.

A meeting of the stewards of the Jockey Club was held in the Windsor Treade yesterday, those present being August Belmont, James R. Keepe, J. H. Bradford, F. R. Hitch-

James R. Keepe, J. H. Bradford, F. R. Hitchcock, H. H. Khaup and Andrew Miller. The following trainers received licenses:

F. M. Arthur, Harry Busenbark, Andrew G. Blakely, Nas Byer, Richard Bauer, Joseph Brooks, W. A. Burttscheli, A. C. Blume, N. K. Beal, Allan Bulcroft, French Brooks, William Brown, Algernon W. TO-DAY'S CARD FOR BENNINGS.

Jesse Brown Cup. for Two-Year-Olds. Is the Leading Feature.

WASHINGTON, April 13 .- To-morrow will be getaway day at Bennings. The feature of the card is the Jesse Brown cup, for two-yearolds, at four furlongs, with Hawkwing, Cheek and Taboo perhaps the best. Maiden twoyear-olds will run in the first race, at five arlongs, with Claiborne, Witching Hour and turlongs, with Claiborne, Witching Hour and Miss Granville having good chances. In the second race, for three-year-olds and upward, at seven furlongs. Simple Honours, Oraculum and Clements figure well.

In a steeplechase, at about two miles and a half, Essex will be played to beat Yama Christy, Aiken and Banner. The fifth race is a handicap at seven furlongs, with Reidmoore, Smoker and Poquessing possible factors. In the last race, at a mile and 100 yards, Banker, Brookdale and Lady Karms look formidable. The entries follow:

First Race-For maiden two-year-olds; five fur-107 Harold A. Frank... 107 Huldy... 107 Miss Granville... 107 Ragman... Claiborne Witching Hour. ... Black Mose. . . .

D'Arkie ..

A team three cushion tournament, began in Doyle's academy last night. J. Bush and H. Goldman won from Tod Slean and Harry Dankleman by a score of 20 to 18. The highest run was 3, made by Dankieman. To-night F. Keough and T. Burns will play T. Leon-hardt and L. Lawrence.

In an exhibition game at 18.2 balk line at the Riverside Athletic Club last night, F. Poggenberg beat Edward McLaughlin by a score of 600 to 290. The score:

AMONG THE AUTOMOBILISTS BRIARCLIFF DRIVERS DRAW FOR NUMBERS TO-DAY.

Entrants in Westchester County Road Contest to Meet Officials This Afternoon -Election of Automobile Club of America To-night—Kelsey Wins Match.

William Watson ft C. A. Singer's Simplex and A. C. Campbell in the Allen-Eingston were the only Briarcliff trophy capdidates that were out for practice yesterday morning on the Westchester county circuit over which the stock car contest will be run on April 24. Campbell made two rounds of the course of between thirty and thirty-three miles, one round being timed in 62 minutes, which rather good going, considering the fact that the course is rough in places and has practically no straightaway stretches where high speed is possible. A number of the tardy ones moved out into their training quarters at various points around the circuit yesterday and from now on the number of cars practising on the course is expected to increase daily.

Robert Lee Morrell, chairman of the executive board and rules committee of the contest, has notified the entrants and drivers of the cars to be present at a meeting at the Automobile Club of America, in Fifty-fourth street, between Broadway and Eighth avenue. at 5 o'clook this afternoon to draw for their race numbers. After the numbers have been assigned the entrants are to have them painted on their cars as quickly as possible as a means of identification for the race officials and spectators. It is expected that the numbers will be painted on the front and back and both sides of the cars.

Motorists who have driven over part

all of the course have criticised the curcuit very severely and it can by no means be compared to the circuits on Long Island ver which the Vanderbilt cup contests have been run. A member of the Long Island Automobile Club who drove over most of the course yesterday said that it could hardly be compared with a boulevard in either Central Park or Prospect Park, but, he added, why should it? The plan of the contest all along has been to furnish a severe test for stock cars over a course such as might be met with almost any day while touring. and for such purpose the Westchester county circuit may well be called ideal. "It is rather interesting to note that the drivers as a whole seem rather pleased with the winding and twisting circuit and appear to think they will have a fine struggle a week from Friday in which the driving ability of the contestants will cut a large figure.

There was a great number of touring cars on the course on Sunday and two of the Briarcliff candidates met with mishaps. Daniel S. Murphy, driving the Maja entered by Mayor Brown of White Plains, was bumped off the road near Kensico Lake and tumbled into the ditch. His car was turned over and a friend of Murphy's said yesterday that "Murphy was thrown out, with a severe cut of the left leg." The steering post was broken, the steering wheel demolished and the body and seats of the car badly bent The car was towed to Mayor Brown's garage at White Plains for repairs and is expected to be in commission egain to-morrow. Murphy's injuries were not serious, but he

will not be able to practice for a few days. The other accident befell Morton J. Sey-mour, entrant and driver of one of the Simplex ars. Mr. Seymour was driving a testing ar, which ran off the road at a point near

drivers have very narrow and several of the drivers have expressed the hope that these parts of the course will be partoiled by race officials on the day of the contest so as to prevent any team work on the part of drivers who may be piloting one of several cars of the same make.

the same make.

The annual meeting of the Automobile Club of America will be held to-night at the clubhouse in Fifty-fourth street, between Broadway and Eighth avenue, at 9 o'clock. Officers for the ensuing year are to be elected, and as there has not been an opposition ticket placed in the field the following ticket nominated by the board of governors will be elected: President, Judge E. H. Gary; first vice-president, Henry Sanderson; second vice-president, William G. McAdoo; third vice-president, Robert Lee Morrell: treasurer, Edgar L. Marston; one governor to serve one year, class of 1908, Gen. Horace Porter; three governors to serve three years, class of 1911, Frederick D. Underwood, William Pierson Hamilton and Waldron Williams; three governors to serve four years, class of 1912, Commodore Cornelius Vanderbilt, Colgate Hoyt and Dr. Schuyler Skaats Wheeler.

Colgate Hoyt and Dr. Schuyler Skaats Wheeler.

W. J. Morgan of the New Jersey Automobile and Motor Club of Newark, who has been appointed to select a course upon which to run a match for the Sir Thomas Dewar international one mile trophy, has received offers of several courses within one hundred miles of this city. The trophy is at present held by Fred Marriott, who won it at Ormond a year ago with a specially built steam racer. Benjamin Briscoe has challenged Marriott for a match race and has named the twelve yilnder Maxwell built for the 1906 Vanderbilt cup contest as his contender for the trophy. Cape May and Ventnor Beach have been mentioned as possible places for the match to be held, as the beaches at these places are long enough for a one mile match. Several other drivers have declared they will ask to be admitted as competitors in the race.

C. W. Kelsey, who won the Deming trophy with a Maxwell in the 1906 tour of the American Automobile Association, and J. Emerling, drove the winning car in the Pittsburg to Philadelphia and return match race that ended yesterday morning. The match was the outcome of a challenge issued by Mr. Kelsey at the Pittsburg local show last week on behalf of the Pittsburg Maxwell branch, which was accepted by the Reo representative. The match was for \$500 a side and the route was more than 600 miles long. The start was made from Duquesne Garden, where the Pittsburg show was held, at 1:30 o'clock Saturday afternoon, and Kelsey and Emerling arrived at Philadelphia in the Maxwell more than five hours ahead of the Reo on Sunday morning. The Maxwell arrived back at Pittsburg nearly 200 miles ahead of its opponent. Each car carried two drivers and an observer.

The National Automobile Club of Germany has changed the dates for the closing of entries in the touring contest for the Prince Henry of Prussia cup from April 1 to April 15. The Prince Henry touring event is to be run in Germany this year as the big endurance contest in place of the Herkomer cup affair, which was run in former years.

When the participants in the "Fifth Annual Reliability Touring Contest of the American Automobile Association, including the contest for the Charles J. Glidden trophy for touring cars, and the Frank B. Hower trophy for runsbouts"—which is the neat little official title adopted this year for what was formerly called the "Glidden Tour"—reach the end of their journey at Sarstogs Springs next July 24, or thereabouts, they will be welcomed to the city by the Sarstogs Automobile Club. The latter organization was organized recently with a membership of thirty automobilists, Clarence B. Klimer being elected president and Edward B. Ashton, vice-president.

The secretary of the British branch of the Association Generale Automobile announces that the organization has had its English office in operation since the first of this year. office in operation since the first of this year. In addition to procuring triptyques for members to facilitate the crossing of frontiers, the a sacciation will lay out routes for tours undertake the shipping of losrs and attend to practically all the details attending automobile touring in Europe. The British branch of the association has a special department to attend to the wants of French members who may wish to tour in Great Britain. By making the arrangements in advance a French member can begin his tour at Folkestone or Dover as soon as he lands from the Channel steamer, as the association's agents will attend to everything lands from the Channel steamer, as the association's agents will attend to everything for him, even to the securing of the necessary number plates for his car.

Motorists of Fall River and neighborhood have organized the Fall River Automobile Club and have obtained a charter from the Massachusetts Secretary of State. The election of officers resulted as follows: President, George L. Richards, M. D.; vice president, E. P. Chariton; secretary, A. B. Phillips;

treasurer. Albert A. Harrison: directors for three years. Robert Marshall, E. P. Charlton and John P. Hilton: directors for two years, George L. Richards, M. D.: Edmund Cote and E. B. Jennings; directors for one year, E. B. Remington, M. C. Talbot and George D. Flynn.

Consul-General Thornwell Haynes of Singapore reports that a manager of a gutta percha company there has recently received the exclusive privilege of making selling and using in the State of Perak of the Federated Malay States for fourteen years, a wheel for motor cars or other vehicles manufactured in one entire piece and wholly from rubber, gutta percha or other elastic meterial. The Consul adds that suod as innovation, if successful, will prevent the dangerous bursting of tires and overcome climatic changes.

Though the Winton concern has definitely and officially announced its retirement from the field of speed contests after having made a good deal of racing history in this country with the different Winton Bullets a private owner of a Winton occasionally pits his car against others in events where speed is the main consideration. This happened recently in Havana, Cuba, where a 1908 six cylinder Winton defeated five other cars in a race for runabouts of 25-50 horse-power. The course was 1.7 miles long and the Winton's time was 2 minutes 11 3-5 seconds.

It is reported that a movement has been started in Tennessee to build an automobile highway between Chattanooga and Knoxville. The promoters contemplate constructing a 75 foot road through the Mission Ridge tunnel, and then to Cleveland, and later to Knoxville. No horses are to be allowed on the highway, and for this reason it is expected that the road surface will need very little repairing as it will not be constantly torn up by sharply shod horses or steel wagon tires.

CHICAGO, April 18.—Word was received in Chicago automobile circles to-day that the Protus, the German car in the New York to Paris auto race, was in a fair way to get started soon. The trouble with this machine was a broken cylinder. The repairs are being rushed. This car has little chance of catching the others, which are expected to get away from Seattle the latter part of this week.

The Thomas is now on shipboard on its way back to Seattle, having found the snows of Alaska far too deep. This delay loses the Thomas car all the advantage it gained in the race across America. From Seattle, with the French car De Dion and the Italian car Zust, it will sail for Vladivostok, Siberia. From there the cars again will take up the race on even terms. The German car will at the least be a week behind the leaders.

YALE WRESTLERS WIN TITLES. Brothers L. A. and G. S. Bele Capture A. A. U. Champtonships.

Yale University captured the main share of the honors at the A. A. U. national wrestling championships held in the concert hall of Madison Square Garden last night. Two firsts went to New Haven, the brothers L. A. and G. S. Dole doing the good work for old Eli.

G. S. Dole, who was the 125 pound champion last year, appeared in the 135 pound this year. and after working his way cleverly through the trials and semi-final he found himself pitted against T. J. McLean of the National Turn Verein of Newark. The Newark man used rough tactics in the early part of the courney, and he went so far as to throw some of his rivals among the crowd. But he struck snag in the Yalensian, who outwrestled im, rough, smooth or medium, and once Dole sent McLean whirling through the ropes and into the arena. But it was a great tussic and took two bouts of six minutes and an extra one of three minutes before

the referes picked Dole for the best work in the final of the 125 pounds L. A. Dole et Gus Bauer, another Newark man from the National Turn Verein. The Yale man worked around the Jerseyite, who was always on the offensive until the right opening came and then quick as a cat Dole floored Bauer with a head look. As far as wrestling solence went the Doles could give cards and spades to the local experts and they exhibited whatever wreating accepted was seen in the meet. to the local experts and they exhibited what-ever wrestling science was seen in the meet. The heavy-weight class of course proved attractive, but there was little or no science. J. Gunderson, the National A. A. U. champion, and G. Gurdet, the Metropolitan champion, were the opponents in the final and they mauled each other around the mat for fully fifteen minutes, when Gundersen got the ver-

dict on points.

One championship title went to Boston, the winner being Carl Anderson of the Swedenst John J. Craigie of the Philadelphia Y. M. C. A. in the final, and after 2 minutes 35 seconds Anderson downed his man with a body hold

rich Wortman of the German-American A. C., the metropolitan champion. His opponent was a clubmate and protégé named Max Weity. Their tussle was a give and take sort of affair until Weily got a body hold on his man and Wortman went down like a lump of lead.

Semi-final Bouts-R. Schwartz, Boys' Club, defeated S. Lauer, Boys' Club, with half nelson. Time, 3 minutes 47 seconds. Frank T. Sherman, Buffalo Y. M. C. A., a bye. Frank Douts-R. International Chess. Special Cable Despatch to THE SEN.

VIENNA, April 13,-At the conclusion of play in the sixteenth round of the international chess masters' tournament at the local ciub in this city this evening Schlechter, by virtue of a draw with Teichmann, maintained his place at the head of the masters. Duras defeated Berger and remained a good second, only haif a point behind the leader. Maroozy who disposed of Mieses, follows in third place, half a point behind Duras. Rubinstein, who won from Spielmann, is now tied with Teichmann for fourth and fifth places. In the other games Perlis beat Salwe, Johner defeated Swiderski, Alapin jost to Leonhardt, Cohn jost to Tartakower, Marshall won from Suechting and Bardeleben defeated Reti.

The scores to date:

Players. W. L. Players. W. L. these masters' tournament at the local ciuh

CHASE OF BASEBALL PENNANT

IT BEGINS TO-DAY IN AMERICAN AND NATIONAL LEAGUES.

Hilltoppers Open at Home With Athletics. Nationals Go to Philadelphia, Bostons Crack Open the Season in Brooklyn -Where the Other Teams Will Play. The thirty-third pennant chase of the Na-

ional League and the tenth of the American League-the major organizations of professional baseball-will begin to-day. An-other season has rolled around; another six months fight for the championship is at hand. For those baseball patrons of the country who are in a position to take in big league games-and they number in the millions-the next half year will pass quickly and be interesting every minute, will pass as quickly as the six months interval between seasons passes slowly. Baseball is the people's game; no other sport begins to compare with it in popular interest; no other sport gets so firm grip on its followers and none equals it in its open, diversified and skilful team and individual action. At the beginning of every race it is cus-

tomary to say that "the outlook for a suc-cessful season never was better." That is a stock expression which is dug up annually in April. But though trite it is true enough. Certainly there is as much interest in the national game this season as in any previous year and locally it may be that there is a shade more than usual. There is a fairly good prospect of a pennant being won by a New York team and a possibility of two. Whether the interest will be kept up depends on how well the teams do. Anyway the same old eagerness exists on the eve of the start of the scrap; the baseball appetite is healthy and expectant.

Both of the New York teams came back from the South well trained to make a good start in the hunt for the flag and without having met with any serious mishap to weaken the teams or their prospects. Both weaken the teams or their prospects. Both have strengthened since last year, and not all the nice things that have been said about them have been gush. The first real test of their condition and ability will come to-day. They will have to be on their toes from now on. The weather since the big leaguers came North has been too cool for them to let out, but they will let out to-day, hoping for warm weather so they can extend themselves fully. The day's opening in this city will be at American League Park, where the Athletics will play the New Yorks. The other American League games for to-day are: Washington in Boston, St. Louis in Cleveland and Detroit in Chicago. To-day's National League schedule is: New York in Philadelphia, Boston in Brooklyn, Chicago in Cincipnat and Pittsburg in St. Louis. The National League umpires for the opening games have been assigned as follows by President Pulliam; Klem in Philadelphia, Emsie and Rudderham in Brooklyn, Rigler in St. Louis and O'Day in Cincipnatal. It is thought that Connolly will umpire at American League Park.

Connolly will umpire at American League Park.

The battle between the hillmen and the Athletics will be called at 3:30 o'clock, and in accordance with a custom only a few ages younger than the rock ribbed hills, or any other old kind of hills, a notable will throw out the new ball. That stern duty devolves upon Mayor McClellan to-day. It is promised that the decorations of American League Park will be more elaborate than anything hitherto undertaken, and if the New Yorks will decorate their score with enough runs to encompass the overthrow of the formidable Mackites it will be all the more pleasing. The music will begin at 2 o'clock, and the warriors will parade across the field on hour later. A delegation of Quaker rooters has bought seats and will be on the spot to see that the visitors are properly encouraged. Plank or Bender will serve the slants for the invaders, while for the New Yorks the choice rests among Glade, Orth and Newton. McGraw expects to put Mathewson in against the Phillies over in the Keystone stronghold, Mathewson having been nurse I along for that purpose. Manager Donovan has decided on his lethander, Rucker, to go to the eminence for the Brooklyns against Boston, and Manager Kelley of the Bostons said yesterday he would put in either Young or Ferguson against the Brooklyns, probably Young. The only things that remain are for the umpires to start them off and for the players to accept the decisions of the umpires as good sports should.

The New York Americans practised morning and afternoon yesterday, while the Brooklyns had no work but will limber up this morning. They arrived here last night and Manager Donovan reported everything fine, Lewis, Bell and Pastorius, who were left in Jacksonville, there to get the benefit of the warm weather, arrived a day shead of the others.

Donovan said Hummel was doing splendidly to left field. "The best, outfielder in

warm weather, arrived a day ahead of the others.

Donovan said Hummel was doing splendidly in left field. "The best outfielder in the country," the manager described him. Theehan still has a lame arm and will not be put in until he is right. Alperman is bolding down third base in capable style and Pattee is making good at second. It looks as if he would be a fixture on the team. Lewis will return to shortstop for to-day's game.

Donovan says he has something he hasn't had before, two or three first class utility men. He also is much pleased with the work of Pitcher Wilhelm, who is manipulating a very effective spit ball this season.

BEECHER IN THE BOX.

Does Well Against Jerseys and New York Nationals Win.

The New York Nationals rounded out their preparatory season yesterday with a game at the Polo Grounds against the Jersey City Eastern League team. The Jerseys downed the New York Americans last Saturday and went into yesterday's mèlée without con-sidering themselves under dogs, but they were sidering themselves under a ogs, but they were never dangerous. The New Yorks beat them 5 to 1 and led all the way. The New Jerseys sent two left handers against the New Yorks. The first of these, Foxen, was not at all easy for the Poloists to hits but he was unsteady and his poor fielding was uniety responsible for New York's first three lains. The New Yorks worried him by builting and mixed up tactics.

The New Yorks worried him by bunting and mixed up tactics.
Wiltee, the second Jersey southpaw, was hit more freely, but not to any alarming extent. One of McGraw's young boxmen. Roy Beecher, was on the mound the whole game for the majors. He had speed and a ball that sailed through on the jump. Although peppered for nine hits he did well, because he was effective and unconcerned with men on bases. His form contained symptoms of class.

class.

It was an uninteresting game on the whole, and in the early part there was a kidding match between McGraw and Jersey City players that was more notleeable for its wit. The repartee was more vociferous than amusing—slapstick humor that might be tolerated in an exhibition game if the patrons were hard up for enterminent. The score:

NEW YORK.

JERSEY CITY.

FOR OLYMPIC CREW.

Plan Is to Select the Best Garsmen in All the Colleges.

NEW HAVEN, Conn., April 13.-In explaining the proposal to send an all American crew to England to compete in the Olympian games Julian W. Curtiss, one of Yale's athletic advisers, makes the following state-

nent to the Vale men: "James Pilkington, president of the National Association of Amateur Oarsmen, and myself were chosen a committee to formuate a plan in regard to the selecting and sending of a crew to England to represent the United States in the Olympic games. After several conferences we unanimously came to the conclusion that the crew that could best represent the United States would be one practically selected from the colleges; if I may use the expression, an all American college eight, selected from the very best men in the different crews that row at Poughkeepsie and at New London. In addition to

LAWN TENNIS INDOORS.

Finalists Selected for Mixed Doubles in St.

Nicholas Bink.

In the semi-finals of the indoor lawn tennis

tournament Miss Anita Peabody and C

Frederick Watson, Jr., and Mrs. Harold Minott and Frederick De Rham were the win-

ners yesterday in the St. Nicholas Rink. Mrs.

Minott and De Rahm defeated Miss Howland

and Bernon S. Prentice, 6-4, 2-6, 9-7. In

the other match Miss Peabody and Watson defeated Miss Edith Deacon and Edgar W.

the other match Miss Peabody and watson defeated Miss Edith Deacon and Edgar W. Ledyard, 6.—4, 6.—0.

The match which Mrs. Minott and De Rham won was the better of the two. Mrs. Minott and De Rham led at 5.—1 in the third set, when their adversaries made a brace Miss Howland's drives were often splendidly placed, and with Prentice's net work they together rolled off five straight games. Then De Rham and Mrs. Minott made stout resistance and the games fell to a all and 7 all before the treak came. Once Miss Howland and Prentice were within a point of victory. The first match of the women's doubles tournament will be decided this afternoon, Mrs. George L. Chapman, and Mrs. Miles meeting Mrs. Harold Minott and Miss Margaret Busk, The summary:

Mixed Doubles—Semi-final round—Miss Anita Peabody and C. Frederick Watson, Jr., defeated Miss Edith Deacon and Edgar W. Ledyard, 6.—4. 6.—0. Mrs. Harold Minott and Frederick De Rham defeated Miss Howland and Bernon S. Prentice, 6—4, 2—6, 9—7.

CHAMPAGNE

men in the different crews that row at Poughkeepsie and at New London. In addition to
this it might be possible to find one or two
men who although they rowed in former
university eights have kept in active rowing
condition since.

"We also came to the conclusion to ask the
different coaches of the various college
eights named what men in their opinion on
their crew would be best suited for such a
crew and then from the men thus named a
final selection could be made. When such a
crew is once decided upon convenient training quarters could be selected in this country
where such a crew could assemble a few days
after the finish of the New London and Poughkeepsie regattas and have from ten days to
two weeks practice together before starting
for England, their departure being arranged
on a date that would bring them to England
about a week before the regatta commences,
in other words, give them four or five days
of practice rowing in England.

"It is frankly conceded by the committee
that the strokes of the different college eights
vary, but at the same time they firmly believe
that picked oarsmen from these eights could
quickly get together, and a good oarsmen is a
good carsman whether he is rowing the Cornell, Columbia or Yale stroke. Certainly the
sending of such a crew, made up of our very
best university material, could not fail to
arouse enthusiasm in this country and be
most cordially greeted on the other side.

"It may be found impossible on account
of financial conditions to raise the necessary
money to send any crew, but if the money is
forthooming it is the unanimous opinion of
Mr. Pilkington and myself that this is the kind
of a crew that should go."

CHANGE IN POLO PLAY. No Rest Between Goals Proposition to Be Voted On at Annual Meeting.

A change in the method of playing matches will be voted on at the annual meeting of the Polo Association next Tuesday evening at the Riding Club. The polo committee bas been in correspondence with the clubs, and the delegates to the meeting will be in a position to thoroughly thresh out this question. It is proposed to cut out the two minute rest now allowed after each goal in a period by the American rules and to line up again as soon as a goal is made. will reduce the time required for a game materially and the rest of fifteen minutes between periods is thought to be long enough to freshen up the ponies and players. To play without a rest between periods is the

play without a rest between periods is the custom in Great Britain.

The Hurlingham rule regarding time will probably be adopted verbatim with the exception of the penalties. The change, it is argued, will not be any harder on the ponies but the men will have to get about more briskly and the general play will be faster. There is no intimation of a challenge from or to Hurlingham for the international cup to be considered at the meeting.

Aside from any change in playing methods the chief business will be to grant dates for the club tournaments and to choose the place and time for the championship and the junior championship. The championships were at the Onwentsia Club, near Chicago, last year and an Eastern field is consequently due to be chosen this time. The number of club tournaments will be increased somewhat, with especially good local fixtures for cups at the Rockaway Hunting Club, Meadow Brook Club, Country Club of Westchester, Great Neck Polo Club and the Rumson Polo Club.

H. L. Herbert, who has been chairman of the Polo Association from its organization.

Rumson Polo Club.

H. L. Herbert, who has been chairman of the Polo Association from its organization, will preside at the meeting. There are thirty-six clubs, each entitled to one delegate, which is the same number as last year, for while the Rumford Polo Club of Hartford has dropped out a new member is the Pittsburg Polo Club. Among changes in delegates Joseph H. Hunt will represent Squadron A instead of R. C. Lawrence and W. W. Keith will vote for the Onwentsia Club in place of Sidney C. Love.

Other Baseball Games Yesterday AT CHARLOTTESVILLE, VA.

pool player, was eliminated from the hallonal pool tournament now in progress at Recital Hall this afternoon when Weston administered the severest defeat of the tourney, taking the match by a score of 125 to 52. In the other afternoon game Horace B. Lean of St. Louis furnished one of the surprises of the tournament by defeating Benny Allen of Kansas City by 125 to 123. Baseball Notes.

No less an authority than Dan Brouthers says that next to Bresnahan and Kling the best catcher in the country is Tad Jones of Yale. Hal Chase batted something like 450 in the games he played on the Coast this winter and he says if he bats that well in the American League he will give himself a bonus. McGraw has released Catcher James to Columbus and First Baseman Pfyl to Baltimore.
